THE CAMP TABIAT TEAM DISCUSSED TOPICAL ENVIRONMENTAL ISSUES

Employees of the CAMP Tabiat Public Foundation, a branch of the CAMP Alatoo Public Foundation in Tajikistan, discussed further expansion of their activities in the field of environmental protection during a seminar held on November 15 in Ishkashim district of Gorno-Badakhshan Autonomous Oblast (GBAO) of Tajikistan.

In addition to CAMP Tabiat staff, young trainees from Germany and France also participated in the workshop. The seminar was moderated by Margozhata Bichik (CIM expert), consultant on development of CAMP Alatoo / CAMP Tabiat organization.

The event addressed such topical issues as environmental pollution in GBAO due to increasing household waste, especially plastic waste, and burning of tree leaves by the population in autumn. Employees of the Fund shared their ideas on solving these and other environmental problems of the region.

Besides, during the discussion CAMP Tabiat specialists expressed their opinions on future actions and priorities of the public fund. As noted by Director of CAMP Tabiat Umed Bulbulshoev, such events contribute to increasing motivation and capacity of the organization's staff.
